AUSTRALIA 2025 - 26 MIGRATION PROGRAM

On 2 September 2025, the Australian Government confirmed that the 2025-26 permanent Migration Program will remain unchanged at 185,000 places, continuing the planning settings established in 2024-25. This decision underscores the Government's commitment to a skills-focused migration approach that strengthens the working-age population, boosts labour force participation, and supports economic growth, particularly in regional areas.

Program Breakdown

- Skill stream: 132,200 places (71%)

For workers with in-demand skills, including employer-sponsored, regional, and state-nominated visas. This remains the largest part of the program, aimed at addressing labour shortages and boosting productivity.

- Family stream: 52,500 places (28%)

Helps Australians reunite with family members, mostly through Partner and Parent visas.

- Special Eligibility: 300 places

For special cases like returning permanent residents.

New Talent and Innovation Visas

A new National Innovation visa will replace the Global Talent and Distinguished Talent visas.

Want Personal Advice?

If you'd like to speak with a professional about your migration opportunities, we offer a 1-hour consultation for \$220.

The consultation fee is fully deductible if you choose to proceed with our migration services.
