JANUARY 2026

Happy  
New Year!

Happy New Year 2026! As we step into a new year, we're excited to continue helping you achieve your dreams of living, working, and thriving in Australia. Whether you're taking your first steps toward migration, navigating visa applications, or planning your future Down Under, our team is here to guide you every step of the way. Here's to a year filled with new opportunities, successful journeys, and exciting beginnings in Australia!

To kick off the year, we would love to share one of our most recent success stories as an inspiring example of how dreams can become reality with the right guidance and support.

Shortly after starting my studies, an unexpected opportunity arose when a prospective employer expressed a genuine intention to sponsor me. This was earlier than we had planned and completely unanticipated, but it presented an exciting possibility. I reached out to Evelyn straight away to discuss whether it was feasible and what the next steps would be. While the sponsorship arrangements were being prepared, I was also offered part-time work within my student visa limitations, which allowed me to gain important local experience.

During this entire period, Evelyn demonstrated exceptional professionalism, responsiveness and attention to detail. She guided both myself and the employer through every stage of the sponsorship process, explaining requirements clearly, managing expectations and anticipating what was needed with confidence. Since it was the employer's first time sponsoring an overseas worker, Evelyn's ability to communicate effectively and support us both was invaluable. She ensured each stage was handled promptly and accurately, which helped keep everything on track without unnecessary delays.

Thanks to Evelyn's expertise and dedication at PE Global, the sponsorship pathway progressed smoothly and my visa application was ultimately granted. I am incredibly grateful for her support. She provided not only expert advice, but also reassurance and clarity at every turn. I would highly recommend Evelyn to anyone seeking reliable, knowledgeable and professional assistance with their migration journey."

## Luis, Indonesian, IT & Network Professional

"I first reached out for migration advice while I was still offshore and beginning to explore what it would take to build a career in Australia. Before taking any formal steps, I was advised to speak with a MARA-registered agent due to my professional background, and that is when I first connected with Evelyn at PE Global. From the beginning, she listened carefully to my goals and helped me understand the realistic pathways available to me, which made me feel supported and confident about the process ahead.

At our initial consultation, Evelyn took the time to assess my skills and explain the relevant visa options in a way that was clear and easy to follow. I had already done some research, but her guidance helped me put everything into perspective and choose the most strategic pathway. Together, we agreed that studying in Australia would provide the best opportunity to build points, local experience and long-term prospects.
